Between August 2005 and May 2006, Defendant employed Plaintiff in an underwriting position in California. During her tenure as an underwriter, Defendant classified Plaintiff as an exempt employee for purposes of California wage laws. Plaintiff filed a Complaint alleging, on behalf of herself and a putative class, that Defendant violated various California wage laws, including failure to pay overtime, failure to provide meal periods and rest breaks, and failure to provide accurate wage statements. Plaintiff contends that she was misclassified as exempt. Defendant contends that Plaintiff and the individuals that she seeks to represent are not, and have not been, misclassified as exempt. Defendant further contends that Plaintiff, and the current and former National City employees whom she seeks to represent, fit within one or more of the exemptions to overtime requirements set forth in applicable California wage laws.

## 3. Legal Issues.

## A. <u>Plaintiff's Statement</u>

The following are the principal legal issues that Plaintiff contends are at issue in this case:

- 1. Whether Plaintiff and the putative class members were properly classified as exempt from overtime compensation under the FLSA and California law.
- 2. Whether the tasks performed by Plaintiff and the putative class members were exempt or nonexempt tasks.
- 3. Whether Plaintiff and the putative class members were authorized and permitted to take rest breaks required under California law.
- 4. Whether Plaintiff and the putative class members were allowed to take meal breaks required under California law and whether an employer must ensure that such breaks are taken.
- 5. Whether Plaintiff and the putative class members received timely and accurate payments of their wages.
- 6. Whether Plaintiff and the putative class members received accurate wage statements.
  - 7. Whether there was proper compliance with applicable legal requirements

The parties respectfully request that they be permitted to defer discussion of likely motions to a further Joint Case Management Statement to be filed (if necessary) after the parties engage in private mediation.

## 5. Amendment To The Pleadings.

The parties propose that this Court establish May 21, 2008 as the deadline for amending the pleadings in this matter.

#### 6. Evidence Preservation.

The parties have taken steps to preserve evidence relevant to the issues reasonably evident in this action.

#### 7. Disclosures.

The parties anticipate serving initial disclosures within 30 days of the Court's entry of a Case Management Order.

## 8. Discovery.

The parties have not commenced discovery.

The parties propose a first phase of discovery ("First Phase Discovery") to occur within 90 days from the Court's entry of a Case Management Order. First Phase Discovery would be limited to discovery, including, as appropriate, informal exchange of information, which the parties believe is necessary to prepare for and participate in a private mediation of this action. The parties have agreed to mediate this matter and believe that such limited First Phase Discovery to be completed in advance of mediation, and prior to full discovery and class certification proceedings, will increase the likelihood that mediation will be productive. If the mediation does not resolve the case, the parties would meet and confer in a subsequent Rule 26 conference for purposes of discussing, among other things, a plan for further discovery, as well as discovery, motion and other pretrial deadlines. The parties would then submit a supplemental Joint Case Management Statement in anticipation of a further Case Management Conference.

#### 9. Class Actions.

The parties respectfully request that they be permitted to defer discussion of class-related

proceedings to a second Joint Case Management Statement to be filed (if necessary) after the parties engage in private mediation.

#### 10. Related Cases.

To the best of their knowledge, the parties state that there are no related cases or proceedings pending before another judge of this court, or before another court or administrative body.

Plaintiff seeks the following relief for herself and "all individuals who were employed by defendant in the position of underwriter, senior underwriter, underwriter trainee, and/or any similar position that is responsible for reviewing home mortgages to consumers...within the State of California during the applicable limitations period:" (1) compensatory damages; (2) declaratory relief; (3) restitution of all wages; (4) interest; (5) penalties; and (6) attorneys' fees.

Defendant has not filed any counterclaims.

#### 12. Settlement and ADR.

The parties have filed their ADR Certifications, in compliance with ADR Local Rule 3-5. The parties have agreed to engage in mediation regarding all of the claims made in this case, using the services of a private mediator who will be mutually selected. The parties agree to complete the mediation within 120 days of the Court's entry of a Case Management Order. This period of time will allow the parties to engage in First Phase Discovery, as noted in Paragraph 8 above, and will allow the parties to prepare for mediation. The parties will advise the Court of the completion and results of the mediation by filing a Certification of Session in compliance with Local ADR Rule 6-13. The Parties do not require any further assistance from the Court regarding settlement efforts at this time.

## 13. Consent to Magistrate Judge For All Purposes.

The parties do not consent to have a magistrate judge conduct all proceedings in this matter.

#### 14. Other References.

At this time, the parties do not believe that this matter is suitable for reference to binding

arbitration, a special master, or the Judicial Panel on Multidistrict Litigation.

## 15. Narrowing of Issues.

The parties respectfully request that they be permitted to defer discussion of potential methods for narrowing the issues to a second Joint Case Management Statement to be filed (if necessary) after the parties engage in private mediation.

## 16. Expedited Schedule.

The parties do not believe that this matter may be resolved on an expedited schedule.

## 17. Scheduling.

The parties respectfully request that they be permitted to defer discussion of proposed dates for the designation of experts, discovery cutoff, hearing of any dispositive motions, pretrial conference, and trial to a second Joint Case Management Statement to be filed (if necessary) after the parties engage in private mediation.

#### 18. Trial.

The parties respectfully request that they be permitted to defer discussion of issues related to trial to a second Joint Case Management Statement to be filed (if necessary) after the parties engage in private mediation.

## 19. Disclosure of Non-Party Entities or Persons.

On November 26, 2007, Defendant filed its Certification of Interested Entities or Persons. Defendant restates that National City Corporation (i) has a financial interest in the subject matter in controversy or in a party to the proceeding, or (ii) has a non-financial interest in that subject matter or in a party that could be substantially affected by the outcome of this proceeding.

#### 20. Other Matters.

The parties do not wish to raise other matters with the Court at this time.
